

# Stay Sharp.

**Y**ou are a lethal Warrior. You look straight to the heart of the enemy and predict what he might do next. Your mind is your greatest weapon. Keep it sharp.

Composite Risk Management, or CRM, sharpens your mind by giving you a clearer, more complete picture of the threats or hazards around you. It helps you to see everything that can take you or your buddy out of the fight.

CRM enables you to be more aggressive so you can Own the Edge by making better-informed risk decisions.

You always prepare your weapons for battle.

*Now sharpen your most lethal one.*

## Sharpen Your Edge

What you do right now changes everything
